

## Help us WIN the Fall Bonus and earn money throughout the year for our organization!

FPI Testers by Food Perspectives is a consumer testing company based here in the Twin Cities. They have an effective and easy fundraising opportunity for local non-profits like ours. Kids and adults who are signed up to test with FPI can designate a fundraising organization and choose to give a portion (\$10) of their participation payment or ALL of their participation payment to that organization. So simple and a lot of fun!

FPI's Fall Bonus Program gives us a chance to maximize our fundraising. If you are not already a tester, **sign up between 9/1/2015 and 10/31/2015**. Signing up is easy! – Just go to [www.fpitesters.com](http://www.fpitesters.com) and click "JOIN" and complete the sign up form. Make sure to pick \_\_\_\_\_ as your fundraising organization and choose how much you wish to give. Once you are signed up, you may also sign up your kids. Kids receive participation payments and can fundraise too! (FPI never contacts kids directly. All recruiting and scheduling is done through the parent.)

Then, the first time that you **participate in a test between 9/1/2015 and 3/31/2016**, FPI will give our organization an extra \$10. They will do this for all of our new testers. Plus, if we are the organization with the MOST new sign ups and participations, we will receive an additional \$250. Last year's winner received over \$670 through the Fall Bonus Program.

Even when the Fall Bonus Program is over, every time you participate in a test you earn money for our organization. Being a taste tester is fun! You get to try new products and share your opinions. FPI will contact you by email when a test becomes available. For each potential test, you'll answer some questions online about your shopping habits. If you qualify for a test, you will then be scheduled for a specific date and time session. Driving directions will be provided and FPI provides a customer care line.
