

Here's a sweet way you can help us out!

(Yes, fundraising can be fun...)

What if you could earn money for us while helping to improve existing products and making emerging products more successful?

That's what **Tasteocracy** is all about.

Once you sign up for Tasteocracy, you can sample food, beverages and more for companies around the world. The program is open to most adults and kids, and testing experiences typically last between 15 and 90 minutes.

Best of all, you can donate the payment you receive as a taste tester to support our organization. Just select our name when creating your account!

Tasteocracy has raised more than \$3.2 million for non-profits. **The more testers we have signed up, the more donations we hope to receive!**

Simple Signup

1. Visit **tasteocracy.com** or just text **TASTE to 797979**.
2. Click "**Join**."
3. Fill out the web form to create your account.
4. Choose us from the list of non-profits and decide how much you want to donate from each testing experience — from as little as \$10 up to the entire amount.
