

The Scoop

A Newsletter for FPI Testers

January
2014

The Weather Outside is Frightful...

Wondering if your test is going to be cancelled because of the weather? It's not likely. FPI rarely cancels tests for weather-related reasons. We Minnesotans are a hardy bunch and generally don't let cold and snow keep us from our daily activities.

If we do decide to cancel a test for any reason, we will make every attempt to reach you by phone and by email. We will also post cancellations on our Facebook page. If you don't hear from us, assume your test is taking place and allow yourself some extra drive time to ensure you arrive safely and on time.

Do You Know Your Rights?

Have you seen the FPI Testers' Bill of Rights? It has lots of important information for testers. Take a few minutes to read it over! The FPI Testers' Bill of Rights can be found at www.fpitesters.com, on the home page.

Enjoy Testing with FPI?

Tell your friends and family about FPI! We are always in need of new testers. New testers can sign up at www.fpitesters.com, or call our Customer Care department at (763) 354-2776.

What's That Smell?

Have you ever wondered why we ask you not to wear fragrances on test day? The reason is because the sense of smell is very closely related to the sense of taste. For this reason, we ask that testers take extra care on test day to ensure that there is no discernable scent or fragrance on them when they come to their test.

A scent can be anything: perfume, breath mints, cigarette smoke, a food or beverage you just consumed, or even the smell of gasoline on your hands after pumping gas.

Whether a scent is pleasant or unpleasant, all detectable scents are cause for not being allowed to participate on test day. We appreciate all of our testers, and want everyone to be able to participate. We ask that you please keep this policy in mind on your next scheduled test day. Thanks!

FPI Contests, Promotions and Drawings!

Did you know that in addition to your payment for participating in tests, we also frequently hold drawings for gift cards and even iPads? It's true! We also run contests and promotions. In fact, congratulations are in order to Rachael B, who won \$500 in our November-December contest just for testing with FPI! Be sure to open every email you
